

src/typedefs.h

```
graph TD; A[src/typedefs.h] --> B[inttypes.h]; A --> C[stddef.h];
```

The diagram illustrates a header file dependency. At the top, a gray box labeled 'src/typedefs.h' has two blue arrows pointing downwards to two white boxes. The left box is labeled 'inttypes.h' and the right box is labeled 'stddef.h'. This indicates that 'src/typedefs.h' includes both 'inttypes.h' and 'stddef.h'.

inttypes.h
